

**DuraVision™ Convex Mirror Product Sheet:**

**Portable Mirror With Stand**

The Portable Mirror with Stand is lightweight and easy to position for temporary viewing in hard to see areas. The high visibility surround makes it stand out for safe handling. Ideal for situations where moving or changing obstructions and machinery are creating potential blind spots that can result in collisions. Also useful for vehicle safety inspections when checking head-lights, tail-lights and indicators.

**Features**

- Fully adjustable Height and Angle Position
- Lightweight Portable Stand
- Impact Resistant Acrylic Face
- High Visibility Vinyl Surround
- Easy Maintenance and Storage

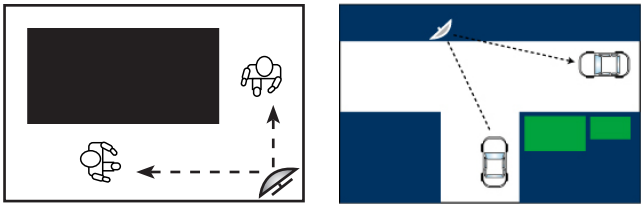

**Suitable Uses**

- Portable Emergency Response Mirror
- Temporary Construction Site Mirror
- Portable Road Side Safety
- Vehicle Safety Inspection
