

## DuraVision™ Convex Mirror Product Sheet:

### Portable Inspection Mirror

DuraVision™ telescopic inspection mirrors are durable, lightweight and easy to use, suitable for most inspection applications. The telescopic handle is available in two sizes, the larger model can extend up to 2 meters. Use it to view below, above and around just about any hard to see places. This high quality mirror makes everything visible. Comes complete with fully adjustable telescopic handle and drawstring protection bag.

#### Features

- 2mm acrylic mirror face
- Pure reflective coating
- ACM (Aluminium Composite Material) back for added strength
- Telescopic handle made from durable, lightweight aluminium
- Handle features twist-lock for extension and hanging hole for easy storage
- Draw-cord protective bag in heavy duty nylon with fleece liner to protect mirror
- Optional base light with hinge plate provides up-lighting to area required

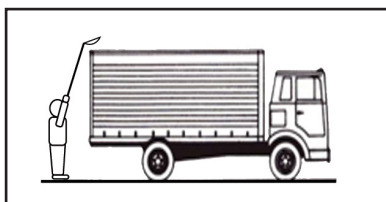

#### Suitable Uses

- Inspection of Machinery
- Checking down drains and holes
- Under and around vehicles
- Bomb inspection
- Customs and security checkpoints
- Police and military services
