

## DuraVision™ Convex Mirror Product Sheet:

### Outdoor Rectangular Pro Series

Designed specifically for use in traffic applications, the Pro Series boasts many unique advantages. The scientifically engineered radius of curvature plus the visibility enhancing red reflective markings equals the most effective road safety mirror available. In addition, the back is made from a 100% UV stabilised advanced plastic composite ensuring superior longevity and strength.

#### Features

- 2mm acrylic mirror face
- Pure reflective coating
- Large radius of curvature for minimum distance distortion
- Red reflective markings on the frame for greater visibility
- Very robust post clamp bracket for easy installation
- ASA rectangular frame - ASA is a robust advanced plastic impregnated with 100% UV resistance
- Wall mounting adaptor, optional extra

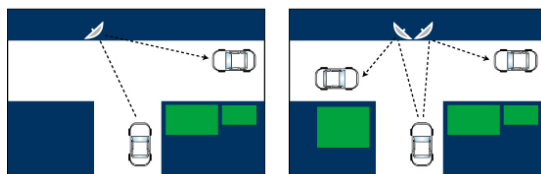

#### Suitable Uses

- Road and Traffic Safety
- High Visibility
- Driveways and Carparks
- Outdoor Security around Buildings
- Security Checkpoints and Border Control
